VIRTUAL EMBRYO CHALLENGE

Task 1 scoring map

Each metric asks a different biological question; the weighted skills become the leaderboard score.

25%	25%	30%	20%
DE recovery	**Direction**	**Population**	**Co-variation**

DE recovery

DES / de_score
higher is better

Direction

DCS / de_direction
higher is better

Population

MMD / mmd_u
lower is better

Co-variation

CSS / variogram
lower is better
